

\_OWL

```
graph BT; Tablerow --> BaseElement; BaseElement --> _OWL;
```

The diagram illustrates a class hierarchy with three levels. At the bottom is the 'Tablerow' class, which inherits from the 'BaseElement' class above it. The 'BaseElement' class then inherits from the '\_OWL' class at the top. Each class is represented by a rectangular box with a thick black border, and the inheritance is indicated by upward-pointing arrows.

BaseElement
